Different Assessment Types

Image / Slide

Purpose: Support Learning

Slide

Script:

It can take many forms — quizzes, assignments, presentations, or even short check-ins during class

Slide

Script:

The main goal isn't to judge. Assessment helps teachers understand where learners are right now so they can give the right support.

Slide
Script:

For learners, assessment is incredibly helpful. It gives clear feedback, shows strengths and weaknesses, and helps them see how they can improve

Slide
Script:

So, in short, assessment guides learning, supports growth, and helps everyone move forward with confidence.
